

# FIND ME A GIFT

Blooming Bath Flower: Press Release February 2015

Available now at: <http://www.findmeagift.co.uk>

The Blooming Bath Flower is handmade from super soft and cuddly materials, their petals hug any sink to make bath time a fun, safe and comfy experience for adorable, precious bundles of joy. Allowing the baby to lie within the petals during a bath allows the parent to have 2 free hands whilst bathing, which can make the bathing experience a lot less stressful and hassle-free.

Created for ages 0 to 6 months, it is designed for bathing babies in sinks so forget about those hard plastic baby bath tubs or baby bath seats! However it can be used in bath tubs to add some soft padding once the babies are older. Once they have totally grown out of their Blooming Bath use it as a play mat, a wall décor maybe? Or it could even be used at one end on the bath to lean on when a tiring parents is having a relaxing bath!

They make wonderful Christening and Baby Shower gifts, with neutral options of green and yellow in the choice of colours it doesn't matter if the sex of the baby isn't known!
